

WB300

THE FLEXIBLE SOLUTION FOR WASTE MANAGEMENT

Side mounted bin lift.

Low installed weight with a range of tip heights makes this an ideal choice for small and large collection vehicles, especially for reduced access and missed bin collection applications.

Operated by a PTO system. Fully compliant with regulations and operates with standard 120 – 360 litre wheeled containers (BS EN 840).

- **Versatile:** Various tip heights available.
- **Durable:** Designed and built with DEL column lift technology. Wear pads installed to maximise product life and minimise maintenance.
- **Low maintenance:** Integrated pivot bushes and a fully galvanised finish to prevent corrosion.
- **Easy to install:** Pre-drilled columns.

The WB300 is very easy to operate and very simple to maintain. It is the ideal lift to support your busy operation.

For 7.5 – 26 tonne vehicles with closed bodies.

SUITABLE FOR

- Local councils
- Waste recycling
- Food waste recycling

WB300 Specifications

Column width	660 mm
Lifting capacity	300 kg
Tipping height min/max	3260/3400 mm*
Weight of complete lift	300 kg
Max vehicle weight	26 t

*See specification sheet for details.

WB300 OPTIONS

Safety

- Visual warning
- Audible warning
- 2-handed control
