

EXTEND YOUR WARRANTY

EXTEND YOUR PEACE OF MIND

How it works

Once you have invested in high-performance equipment, you rely on its productivity and want to safeguard it from unexpected costly repairs and downtime. Hiab ProCare Extended warranty adds an additional third year to your 2-year standard warranty to protect your product and to ensure your business keeps on running uninterrupted.

In the event of an unexpected breakdown during the extended warranty period, your Hiab equipment will be attended by our expert technicians to get it back up and running as quickly as possible. The repairs falling under the extended warranty coverage will be free of charge.

Key benefits

- **Peace of mind** – you know all major repairs are covered for another year
- **Reduced repair costs** – an extended warranty greatly reduces your financial risk as it covers both the cost of parts and labor
- **Maintained performance** – only original Hiab spare parts are used for all repairs meaning your equipment retains its top performance

Extended Warranty

Do you want to free yourself of worry for an extra year? Ask your local Hiab representative about Hiab ProCare Extended warranty.
