Sturdy:

High strength steel in lifting mechanism and a boxed arm design makes this lift sturdy and durable. Pins and bushings designed for extended life.

Ease of installation:

Mounting kits for all major truck manufacturers and width-adjustable mounting brackets. Adjustable under-run bar to fit any truck or trailer. Pre-routed power pack prepared for a number of controls including radio and foot control.

Low maintenance:

Corrosion protected cylinder rods with bellows to extend life of cylinders. Ozone resistant thermoplastic hoses. Power pack equipped with water and dirt absorbing oil filter inside mount tube makes the maintenance rare, quick and simple. Powder painted according to automotive standard.

The Z1500/2000 is a very flexible lift with a number of options designed to work a life as a beast of burden. It is the ideal lift to support your busy operation.
