

HIAB PROCARE™ ESSENTIAL

PREVENTIVE SERVICE THAT IS EASY TO PLAN

Preventive maintenance is the best way to ensure optimal equipment performance and avoid unnecessary costs. Put your routine maintenance planning in our hands and concentrate on running your business. Hiab ProCare Essential service agreement includes the Hiab preventive maintenance program to keep your equipment running as it should.

Fundamental support for planned performance

Hiab ProCare Essential takes you a long way in preventive servicing. The contract covers regular maintenance services following Hiab official guidelines. With each service, you also receive a detailed service report showing all findings, recommendations and work done – a vital proof of excellence for your equipment.

Conveniently located near you, and trained to know more about your products than anyone in the world, our technicians take care of your essential services fast. We also handle the scheduling, paperwork and administrative support for you. So altogether, you spend more time on the road and less time dealing with repairs and maintenance.

Essential includes:

- Test and replacement of hydraulic oil
- Greasing and lubrication of the equipment
- Replacement of filters in the hydraulic system
- Full service inspection including operational, safety and condition checks of different functions and components
- General adjustments on the equipment
- Full service reports with Hiab recommendations of needed actions
- Recommendations on required safety or productivity related actions/repairs
