

# DO1000

## FOR TIPPER VEHICLES

### The industry's leading 1 tonne dump over column lift.

The design of the lift allows the platform to stow below vehicle floor, giving unobstructed discharge when the body is tipped.

The dump over lift is a cost effective solution. It also allows better visibility for the driver and creates less drag.

The latest generation of DO1000 has all the benefits associated with the TL1000: Fully galvanised steelwork in high grade steel, protected power pack in the beam, and torsion assisted platform for ease of operation.

- **Quick installation:** Pre-drilled columns.
- **Safer handling:** Enables forklift loading. Hydraulic body lock to prevent accidental operation. Option of roll stops on platform.
- **Greater uptime:** Wear pads installed to maximise product life and minimise maintenance.

The DO1000 is very easy to operate and very simple to maintain.

For all 5 – 26 tonne tipper vehicles.

### SUITABLE FOR

- Waste collection
- Agriculture
- Highways
- Horticulture
- Local authorities
- Railways

## DO1000 Specifications

Column width	2010 – 2464 mm in 10 standard widths*
Platform depth	787 mm – 980 mm*
Lifting capacity	1000 kg (option 750 kg)
Bed height min/max	800 mm – 1470 mm*
Platform	Aluminium
Weight of complete lift	265 kg
Max vehicle weight	26 t

\*See specification sheet for details.

## DO1000 OPTIONS

### Safety

- Drop in detachable guards
- Trolley stops
- Flashing lights
- Switch over control on dual controls
- Hydraulic body lock

### Operation

- Standard Columns
- Short Column application
- Battery guard
- Dual controls, with or without Wanderlead (spiral cable)

### Material

- Platform in anodised aluminium

### Installation

- Pre-drilled columns

### Warranty

- 12 months parts and labour as standard
- Extended warranty

For full specification and possible combination of options please refer to lift data sheet and price list.

## UPTIME ASSURED WITH DEL SERVICE & SPARE PARTS

To keep your tail lift fit for work, we start with preventive measures such as regular planned maintenance and the exclusive use of high-quality original parts. Should problems arise, we minimise your downtime with national 24/7 breakdown coverage and a broad network of service workshops with spare parts in stock. Everything is set up to ensure your business keeps running smoothly and you keep delivering.

### Hiab Tail Lifts include three brands: DEL, ZEPRO and WALTCO.

Hiab is the world's leading provider of on-road load handling equipment, intelligent services, smart and connected solutions. As the industry pioneer and with a proud 75 year history, Hiab is committed to be the preferred partner and solution provider to its customers and shape the future of intelligent load handling.
