

DL500

FOR LAST MILE DELIVERIES

The next generation of the popular DL500 is here.

This column lift is the most popular lift for 3.5 tonne vehicles within the industry as it is quick to fit, ultra-light and extremely reliable, offering excellent value for money.

The latest generation of DL500 has all the benefits associated with the DL500: Fully galvanised steelwork in high grade steel, protected power pack in the beam, and torsion assisted platform for ease of operation.

- **Increased payload:** 10% lighter with the same strength and rigidity.
- **Quick installation:** Pre-drilled columns and plug-and-play options.
- **Smooth operation:** Low noise with new chain drive. New, flush platform lock design.
- **Safer handling:** New catch design. Anti-tilt feature improves platform operation.

The DL500 is very easy to operate and very simple to maintain. It is the ideal lift to support your busy operation.

For all 3.5 tonne vehicles
