Standard SG Series Advantages Include:

- Rugged steel half-dip platform design
- Power up / gravity down hydraulic system
- Sturdy mid-arm design provides required strength while reducing unit weight
- Torsion spring assist makes the platform easy to fold and unfold
- Reduced Maintenance™ Features including
  - Closed-loop hydraulic system to reduce potential for fluid contamination
- 2-ring ladder for easy access into side door entry
- All wiring and connections meet or exceed all TMC recommended practices
- Charge line circuit protection
- Power unit shipped pre-mounted from the factory
- Weather-protective power unit enclosure
- Powder coat finish with zinc primer on key liftgate components produces a high-quality finish that is exceptionally resistant to corrosion and abrasion
OPTIONAL EQUIPMENT:

- Dual Controls - adds a street side raise/lower control for driver convenience
- Hand-Held Pendant Control allows driver to operate the liftgate from ground or bed level
- Cab Mounted Power Shut-Off Switch allows operator to shut off power to liftgate control switch(es) to prevent unauthorized use of the liftgate
- Power-up/Power-Down Hydraulic System for consistent performance regardless of weather conditions or temperature
- Snubber Kit reduces potential liftgate wear caused by road vibration during
