

ZEPRO Z3N

**THE LIGHTWEIGHT SOLUTION FOR
MAXIMISED CUSTOMER PAYLOAD**

ZEPRO Z3N

LIGHT, STABLE AND RELIABLE

- Z3N is the lightest tail lift for 3.5 tonne vehicles on the market. The lift weighs only 190 kg to give the vehicle maximum payload and is now also available with a folding platform.
- Weighs only 190 kg as standard incl. mounting brackets, platform, control unit and cables
 - All main steel components are powder coated to give ultimate protection from the elements and ensure long term reliability
 - Double acting tilt cylinders ensure speed for faster loading and offloading, irrespective of climate and temperature
 - Increased lift opening speed to 10 degrees/second for more deliveries in less time
 - Narrow lift arm width to fit nearly all vehicles
 - Underrun protection in aluminium, completely suspended on the lift arm, gives better ground clearance
 - Aluminium platform with slip resistant surface as standard

FOLDABLE PLATFORM FOR FLATBED VEHICLES

Now also available with a foldable platform that reduces the platform height from 1400 mm to 900 mm. The foldable platform helps to reduce air resistance essentially, giving the vehicle a smoother ride and reduced fuel consumption.

Swedish steel combines low weight & high strength

Component protection ensures long-term reliability

Handles heavy loads without compromising safety

Specifications	
Max lifting height	1000 mm
Max load distance	600 mm
Loading capacity	750 kg
Voltage	12 V
Colour	ZEPRO black, RAL 9005
Cylinders	Tilt: 2 double acting Lift: 1 centre-mounted single acting
c/c	100 mm
Bumper bar	Aluminium (max distance between axles 2100 mm)
Models	Z3N 75-100

Platforms	Lengths	Widths
Aluminium including slip resistant surface	1450 mm	2160 mm

Weight		
Lift	Aluminium platform	Installation kit
Z3N 75-100	std. 1450 x 2160 mm	L = 3665 and L = 4325 3.5 tonne Volkswagen Crafter and MB Sprinter
190 kg including mounting brackets, platform, control unit and cables as delivered in its standard specification		

ZEPRO **MARKET LEADER** **IN TAIL LIFTS**

ZEPRO is a Swedish manufacturer of tail lifts with over 40 years of experience. Designed to overcome the arctic winters of northern Europe, desert heat and tropical moisture, our tail lifts are made to always deliver – no matter where you are. Thanks to high-quality materials and components, ZEPRO has become a leading brand known for durability, reliability, a wide product range and a global service network. The company is a part of Hiab and Cargotec, leading suppliers of load handling solutions for professional users.

Nobody can match our quality and precision. In the world of tail lifts, ZEPRO is second to none.
